# SAFETY DATA SHEET

## NHOU Mouse-Out Pouches

### SECTION 1 - Identification

| | |
|---|---|
| **Product identifier** | NHOU Mouse-Out Pouches |
| **Model / reference** | CS025 |
| **Recommended use** | Scented pouches for storage applications. |
| **Responsible party** | NH Oil Undercoating Inc. |
| **Address** | 169 Dover Road, Chichester, NH 03258, USA |
| **Telephone** | 603-491-9012 |
| **Emergency telephone** | 603-491-9012 |
| **SDS revision date** | November 4, 2026 |

### SECTION 2 - Hazard(s) Identification

Physical hazards: Not classified.

Health hazards: Not classified.

Environmental hazards: The source safety document states that no environmental hazard is identified in the information available.

GHS label elements / other hazards: Not provided in the source safety document.

### SECTION 3 - Composition / Information on Ingredients

| Ingredient | CAS No. | Content |
|---|---|---|
| Peppermint oil | 8006-90-4 | 6% |
| Cinnamon oil | 9015-91-6 | 2% |
| Clove oil | 8000-34-8 | 2% |
| Corn cob | Not provided | 90% |

Source note: The underlying manufacturer safety document states that the product contains no fluoride compounds.

### SECTION 4 - First-Aid Measures

Eyes: Flush eyes with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Get medical attention.

Skin: In case of allergic reaction, discontinue use and seek medical advice.

Ingestion: Do not induce vomiting. Give 1-2 glasses of water or milk. Seek medical attention if discomfort occurs.

### SECTION 5 - Fire-Fighting Measures

Suitable extinguishing media: Carbon dioxide or dry powder extinguishers.

Special fire-fighting procedures: Self-contained breathing apparatus.

### SECTION 6 - Accidental Release Measures

Personal precautions: Keep away from fire.

Environmental precautions: Keep away from drains, surface water, ground water, and soil.

Cleanup and disposal: Soak spillage with absorbent material and store safely prior to disposal in accordance with local regulations.

## SECTION 7 - Handling and Storage

Handling: Do not heat with naked flame. Do not expose vapors to flame or any other ignition source. Never allow contact with strong oxidizing agents.

Storage: Store in well-closed original containers in a cool place, avoiding extremes of temperature. Protect from air and light. Source document specifies storage below 28 C (82.4 F).

## SECTION 8 - Exposure Controls / Personal Protection

Do not inhale hot vapors. Do not ingest the product.

Occupational exposure limits, engineering controls, and specific PPE requirements: Not provided in the source safety document.

## SECTION 9 - Physical and Chemical Properties

| | |
|---|---|
| **Shelf life** | 24 months |
| **Storage temperature** | Below 28 C (82.4 F); protect from air and light |
| **Other properties** | Not provided in the source safety document. |

## SECTION 10 - Stability and Reactivity

Chemical stability: Stable.

Conditions to avoid: Heating.

Hazardous polymerization: N/A, as stated in the source safety document.

## SECTION 11 - Toxicological Information

Toxicological information: N/A, as stated in the source safety document. No additional toxicological data was provided.

## SECTION 12 - Ecological Information

Ecological information: N/A, as stated in the source safety document. No additional ecological data was provided.

## SECTION 13 - Disposal Considerations

Product: Dispose of all waste in accordance with applicable local regulations.

Used containers: Return to an appropriate specialist recovery organization, where applicable.

## SECTION 14 - Transport Information

The source safety document states that the product is NOT under IATA Dangerous Goods regulation.

DOT, IMDG, UN number, proper shipping name, hazard class, and packing group: Not provided in the source safety document.

## SECTION 15 - Regulatory Information

The source safety document lists SARA Title III, federal regulatory, and state regulatory information as N/A. This statement has not been independently verified for U.S. sale or pesticide-related requirements.

## SECTION 16 - Other Information

This SDS has been prepared by NH Oil Undercoating Inc. from technical and safety information supplied for the product formulation. The information reflects the source data available as of the revision date shown in this document.

The information is intended to describe the product for health, safety, and environmental purposes and is not a product specification or warranty.
